Footnote:
1. He told me in a few previous words, "feature Me." I felt that His instruction to me regarding what was to occur at the opening night of the University of The New Covenant for daily classes, September 15, 2005. After dinner I shared, Stephen Monty shared, we had communion and then really the feature, the speaker, was Him, where I just let Him speak through Me first person. This is what He is telling me to do and allow more and more. Thus, He will bring the "message".
